 Once upon a time long ago in the rustic Italian countryside, families would eat what we call White Pizza (no red sauce). They would spread oil over crusty Italian bread, add fresh garlic, mozzarella cheese and then bake.

Conroy Foods has captured this authentic taste and put it in a bottle. In addition to the garlic, we have added traditional Italian spices to create two robust flavors: **Beano's Classical White Pizza Sauces with Basil or Oregano.**

Our White Pizza sauces are the perfect "add-on" to the Naan, Flatbread, Doughballs or Pizza component section. These innovative products are value alternatives for recipe creation. In addition to making a great pizza these versatile products are great on breadsticks, baked potatoes or used as a dipping oil for breads and vegetables.
